2. Scope

- 2.1** The Client Categorization Policy (the 'Policy') sets out the process and the procedure adopted by the Company for the categorization of its Clients in compliance with applicable laws and Regulations.
- 2.2** According to the Investment Services and Activities and Regulated Markets Law 87(I)/2017, as subsequently amended from time to time ("the Law"), the Company is required to categorise its Clients into one of the following three categories: retail, professional or Eligible Counterparty. Categorisation is undertaken on the basis of objective criteria. A Client may be placed in different categories for particular investment services or transactions or types of transactions or products. The Company notifies each Client of his categorisation as a Retail Client or Professional Client or, as the case may be, Eligible Counterparty.

It is stressed that different rules and different levels of protection apply to Clients depending on their categorisation.

3. Definitions and Criteria for Categorization

3.1 Retail Client

The Retail Client is a Client who is not a Professional Client by default, as defined in paragraph 3.2 below. It is noted that Retail Clients are afforded with the highest level of protection.

3.3 Professional Client

In case of Professional Clients, the Company must inform the Client, prior to any provision of services that, on the basis of the information available to the Company, the Client is deemed to be a Professional Client, and will be treated as such unless the Company and the Client agree otherwise. The Client may request a variation of the terms of the agreement in order to secure a higher degree of protection. In order to be considered a Professional Client, a Client must meet the following criteria:

3.3.1 Entities which are required to be authorized or regulated to operate in the financial markets. The list below should be understood as including all authorized entities carrying out the characteristic activities of the entities mentioned: entities authorized by a Member State under a European Community Directive, entities authorized or regulated by a Member State without reference to such Directive and entities authorized or regulated by a Non-Member State:

So, where the Client fulfils one of the criteria referred to above, the Company shall inform it prior to any provision of services that, on the basis of the information available to the Company, the Client is deemed to be a Professional Client and will be treated as such unless the Company and the Client agree otherwise.

4. Protection Rights

4.1 The type of Client Categorization will determine the level of protection afforded to the Client under applicable legislation. A Retail Client is afforded with the highest regulatory protections available. The Company will notify the Client in writing to inform him/her of his/her loss of certain regulatory protection(s) prior to agreeing a re-categorization request.

4.2 Retail Clients and Professional Clients

Where the Company treats a Client as Retail, the Client is entitled to more protections under the Law, than if the Client was treated as a Professional Client. In summary, the protections Retail Clients are entitled to are as follows (the list may not be exhaustive):

- i. A Retail Client will be given more information/disclosures with regard to the Company, its its financial instruments and their performance, the nature and risks of financial instruments, its costs, commissions, fees and charges and the safeguarding of Client financial instruments and Client funds, including summary details of any relevant investor compensation or deposit guarantee scheme, as applicable.
- ii. Under the law, where the Company provides investment services other than investment advice (in the form of personal recommendations) or discretionary portfolio management, the Company shall ask a Retail Client to provide information regarding his knowledge and experience in the investment field relevant to the specific type of product or service offered or demanded so as to enable the Company to assess whether the investment service or product envisaged is appropriate for the Client. In case if the Company considers, on the basis of the information received, that the product or service is not appropriate to a Retail Client, it shall warn the Client accordingly. Please note that the Company is not required to assess appropriateness in certain cases specified by law.

The Company shall be entitled to assume that a Professional Client has the necessary experience and knowledge in order to understand the risks involved in relation to those particular investment services or transactions, or types of transaction or product, for which the Client is classified as a Professional Client.

Consequently, the Company should not generally need to obtain additional information from the Professional Client for the purposes of the assessment of appropriateness for those products and services for which the Client have been classified as a Professional Client.

- iii. When executing orders, investment firms and credit institutions providing investment services must take all reasonable steps to achieve what is called 'best

execution' of the Client's orders that is to obtain the best possible result for their clients.

Where the Company executes an order on behalf of a Retail Client, the best possible result shall be determined in terms of the total consideration, representing the price of the financial instrument and the costs related to execution, which shall include all expenses incurred by the Client, that are directly related to the execution of the order, including execution venue fees, clearing and settlement fees and any other fees paid to third parties involved in the execution of the order.

When providing Professional Clients with best execution, the Company is not required to prioritize the overall costs of the transaction as being the most important factor in achieving best execution.

- iv.** Investment firms and credit institutions providing investment services must obtain from Clients such information as is necessary for the firm or credit institution, as the case may be, to understand the essential facts about the Client and to have a reasonable basis for believing, giving due consideration to the nature and extent of the service provided, that the specific transaction to be recommended, or entered into in the course of providing a portfolio management service, satisfies the following criteria:
 - a)** it meets the investment objectives of the client in question;
 - b)** it is such that the Client is able financially to bear any related investment risks consistent with his investment objectives;
 - c)** it is such that the client has the necessary experience and knowledge in order to understand the risks involved in the transaction or in the management of his/her portfolio.

Where the Company provide an investment service to a Professional Client it shall be entitled to assume that, in relation to the products, transactions and services for which it is so classified, the Client has the necessary level of experience and knowledge for the purposes of paragraph (c) above.

In addition, under certain circumstances, the Company shall be entitled to assume that a Professional Client is able financially to bear any investment risks consistent with its investment objectives.

- v.** The Company must inform Retail Clients of material difficulties relevant to the proper carrying out of their order(s) promptly upon becoming aware of the difficulty.
- vi.** The Company is required to provide Retail Clients:
 - a.** with more information than Professional Clients as regards execution of orders, other than for portfolio management,
 - b.** with periodic statements in respect of portfolio management activities carried out on their behalf, more frequently than for Professional Clients.

- vii.** Where the Company provides portfolio management transactions for Retail Clients or operate Retail Client accounts that include an uncovered open position in a contingent liability transaction, it shall also report to the Retail Client any losses exceeding any predetermined threshold, agreed between the Company and the Client, no later than the end of the business day in which the threshold is exceeded. - ix.** The Company shall not use financial instruments held by the Company on behalf of a Client for its own account or the account of another Client, without the Client's prior express consent to the use of the instruments on specified terms, as evidenced, in the case of a Retail Client, by his signature or equivalent alternative mechanism.
- x.** Retail Clients may be entitled to compensation under the Investor Compensation Fund for Bank Client or the Investor Compensation Fund for Clients of Investment Firms, as the case may be.
- xi.** Retail Investors¹ will be provided with negative balance protection and as such, may not lose more than the total amount deposited in their trading account(s). Professional Clients by default and/or Eligible Counterparties will not be provided with negative balance protection.
- xii.** The Company cannot conclude title transfer financial collateral arrangements with Retail Clients for the purpose of securing or covering present or future, actual or contingent or prospective obligations of Clients. In respect of Professional Clients and/or Eligible Counterparties, the Company is not subject to such restriction. Where the Company uses title transfer collateral arrangements, it shall highlight to Professional Clients and/or Eligible Counterparties the risks involved and the effect of any title transfer collateral arrangement on the Client's financial instruments and funds.
- xiii.** When the Company provides Portfolio Management or has informed a Retail Client that it will carry out a periodic assessment of suitability, the periodic report shall contain an updated statement of how the investment meets the Client's preferences, objectives and other characteristics of the Retail Client.

¹ Retail Investor means: (a) a retail client as defined in point (11) of Article 4 (1) of Directive 2014/65/EU and (b) a customer within the meaning of Directive 2002/92/EC, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of Directive 2014/65/EU;

- xiv.** When providing Investment Advice, the Company will, before the transaction is made, provide the Retail Client with a statement/report in a durable medium specifying the advice given and how that advice meets the preferences, objectives and other characteristics of the Retail Client.

Further, the Eligible Counterparty category is applicable only for the following investment services:

- Reception and transmission of Client orders in relation to one or more financial instruments
- Execution of orders on behalf of Clients
- Dealing on own account

Where the Company treats the Client as an eligible counterparty, the Client will be entitled to fewer protections under the law than he would be entitled to as a Professional Client. In particular, and in addition to the above:

- i.** The Company is not required to provide the Client with best execution in executing the Client's orders.
Nevertheless, Eligible Counterparties may request on a trade by trade basis or in general, treatment that would allow the Company to take all sufficient steps to achieve best execution;
- ii.** The Company is not required to disclose to Client information regarding any fees or commissions that the Company pays or receives;
- iii.** The Company is not required to assess the suitability or appropriateness of a product or service that it provides to the Client but can assume that the Client have the expertise to choose the most appropriate product or service for him/her and that he/she is able financially to bear any investment risks consistent with his investment objectives;
- iv.** The Company is not required to provide the Client with information about the Firm, its services and the arrangements through which the Company will be remunerated.
- v.** The Company is not required to provide the Client with risk disclosures on the products or services that he/she selects.

The Company, when dealing with Eligible Counterparties, is not required to ensure that it does not remunerate its staff in a way that conflicts with its duty to act in the best interests of its Clients and that it does not accept any fees/commissions in relation to the provision of services to Clients.
- ix. Where the Company informs the Client that investment advice is provided on an independent basis, the the Company is not required to assess a sufficient range of financial instruments available to ensure that the Eligible Counterparty's investment objectives can be met.

However, Eligible Counterparties will be entitled to the same reporting obligations as they apply to Retail and Professional Clients.

5. Re-categorization Requests

5.1 The Company may, either on its own initiative or at the Client's request, treat a Professional Client or a Retail Client a Client that might be otherwise be categorized as an Eligible Counterparty or treat a Retail Client as a Professional Client pursuant to the provisions of the law. If a Client desires to be re-categorized as either a Professional Client or an Eligible Counterparty, then the Client needs to send a written request to the Company. The Company shall consider such request at its own discretion after reviewing Client's change in circumstances.

5.2 The following requests may be submitted to the Company:

- i. A Retail Client requesting to be categorized as a Professional Client. In that case the Client will be afforded a lower level of protection.
- ii. An Eligible Counterparty requesting to be categorized as a Professional Client or Retail Client. In that case the Client seeks to obtain a higher level of protection.

Professional Clients are allowed to request non-professional treatment and the Company may agree to provide a higher level of protection.

It is the responsibility of the Client, considered to be a Professional Client, to ask for a higher level of protection when the Client deems that he/she is unable to properly assess or manage risks involved.

This higher level of protection will be provided when a Client who is considered to be a Professional, enters into a written agreement with the Company to the effect that he/she shall not be treated as a Professional for the purposes of the applicable conduct of business regime. Such agreement will specify whether this applies to one or more particular services or transactions, or to one or more types of products and/or transactions.

- iv. A Professional Client requesting to be categorized as an Eligible Counterparty. In that case the Client seeks to obtain a lower level of protection

Clients who may be treated as Professionals on request (Elective Professionals)

a) Identification criteria:

Any such waiver of the protection afforded by the standard conduct of business regime will be considered valid only if an adequate assessment of the Expertise, Experience and Knowledge of the Client, undertaken by the Company, gives reasonable assurance, in light of the nature of the transactions or services envisaged, that the Client is capable of making his/her own investment decisions and understanding the risks involved.

The fitness test applied to managers and directors of entities licensed under European Directives in the financial field could be regarded as an example of the assessment of expertise and knowledge. In the case of small entities, the person subject to the above assessment should be the person authorized to carry out transactions on behalf of the entity.

- Retail Clients, as defined in the paragraph 3.1 above.

b) In the course of the above assessment, as a minimum, two of the following criteria should be satisfied:

- i.** they must state in writing to the Company that they wish to be treated as a Professional Client, either generally or in respect of a particular investment service or transaction, or type of transactions or products,
- ii.** the Company will give them a clear written warning of the protections and investor compensation rights they might lose,
- iii.** they must state in writing, in a separate document from the contract, that they are aware of the consequences of losing such protections.

Before deciding to accept any request for waiver, the Company is required to take all reasonable steps to ensure that the Client requesting to be treated as a Professional Client meets the relevant requirements stated in paragraph 5.2 above. However, if Clients have already been categorized as Professionals under parameters and procedures similar to those above, it is not intended that their relationships with the Company should be affected by any new rules adopted pursuant to the Directive and legislation mentioned above.

The Company implements appropriate written internal policies and procedures to categorize Clients. Professional Clients are responsible for keeping the Company informed about any change, which could affect their current categorization. If the Company become aware that the Client no longer fulfils the initial conditions which made him eligible for a Professional treatment the Company reserves the right to take an appropriate action.

All Clients are responsible for keeping the Company informed about any change which could affect their current categorisation. However, if the Company becomes aware that the Client no longer fulfils the initial conditions which made it eligible for a professional treatment, the Company should take appropriate action.

Assessment

In the course of the above assessment, as a minimum, two of the following criteria should be satisfied:

- the Client has carried out transactions, in significant size, on the relevant market at an average frequency of 10 per quarter over the previous four quarters;
- the size of the Client's financial instrument portfolio, defined as including cash deposits and financial instruments exceeds 500,000 Euros;
